# VISIT SOFTWARE

## VISIT Control and Registry Software

A WINDOWS BASED PROGRAM ON THE .NET PLATFORM FOR CONTROLLING AND MANAGING VISITS OF EXTERNAL PERSONNEL. INTERFACES WITH ANY PHUC SOFTWARE AS WELL AS THE MAJORITY OF APPLICATIONS AVAILABLE ON THE MARKET. ALLOWS FOR REGISTRY AND CONTROL OF EXTERNAL PERSONNEL ACCESSING YOUR COMPANY'S FACILITIES. ALSO PROVIDES A CONTROL OF DOCUMENTATION DELIVERED BY EXTERNAL PERSONNEL THAT COMPLIES WITH WORKPLACE RISK REGULATIONS. ALLOWS FOR 24/7 VISUALIZATION OF THE EXTERNAL PERSONNEL PRESENT IN YOUR COMPANY'S FACILITIES.

### FUNCTIONAL CHARACTERISTICS

- ☑ Entry/Exit Registry of your company's external personnel.
- ☑ Badge printing for visitors via thermal printer.
- ☑ Entry of personnel data such as:
  - National ID Numbers.
  - Name.
  - Company.
  - Visit Type (sales visit, technical service visit, etc.).
  - Visitor's vehicle information.
  - Visit description.
- ☑ Assignment of visits to company personnel.
- ☑ Visit programming to control external accessing the company.
- ☑ Control of documentation and/or material delivered to comply with obligations of workplace risk regulations.
- ☑ Allows for room reservations for visits (for example, projection halls, demonstration rooms, meeting rooms, etc.).
- ☑ Wide variety of reports:
  - Situation reports.
  - Statistical reports to control the total number of visits, the total time of each worker has dedicated to visits, the company that visits most frequently, etc.
- ☑ Agile, intuitive administration and management of user profiles.
- ☑ Possibility of personalizing visit management parameters:
  - Visit types, room types and names, material/documentation to be delivered.
- ☑ Exporting of lists to ASCII (TXT) or Excel files.

### Technical Specifications:

- ☑ Programming Language .NET (95% C#, 5%Vb.NET).
- ☑ SQLServer Database.
- ☑ Reports by Crystal Reports .NET
- ☑ Interface with PHUC application databases and, potentially, any other application existing on the market.

### Optional Accessories:

- ☑ Thermal printer for badge printing for visitor accreditation.
- ☑ ID Reader for automatic introduction of ID card data.
